#### 2. For what purposes and on what legal basis is your data processed?

We process your personal data in compliance with the EU General Data Protection Regulation (GDPR), the German Federal Data Protection Act (BDSG), the German Stock Corporation Act (AktG) and all other relevant legal provisions. This is only done for the purposes provided for in the AktG. This includes keeping a share register, communicating with shareholders and conducting Annual General Meetings. In detail:

DBAG shares are no-par value registered shares. Section 67 AktG stipulates that such registered shares must be entered in the company's share register, stating the name, date of birth, postal address and electronic address of the shareholder as well as the number of shares. The shareholder is generally obliged to provide the company with this information. If you do not agree to provide this data, you cannot be entered in the share register and cannot exercise your rights as a shareholder.

The credit institutions involved in the acquisition, safekeeping or sale of your DBAG shares regularly forward these and other information relevant for maintaining the share register (e.g. nationality, gender and submitting bank) to the share register. This is done via Clearstream Banking AG, Frankfurt am Main, which, as the central securities depository, handles the technical settlement of securities transactions and the safekeeping of shares for credit institutions.

In connection with the Annual General Meeting, DBAG processes your personal data for the purpose of handling the registration and participation of shareholders in the Annual General Meeting (e.g. verification of the right to participate) and to enable shareholders to exercise their rights in connection with the Annual General Meeting (including the granting, revocation and proof of proxies and instructions). Without the provision of the relevant data, your participation in the Annual General Meeting and the exercise of voting rights and other meeting-related rights is not possible. This includes the following processing operations:

When a shareholder registers for the Annual General Meeting, DBAG processes the required data stored in the share register as well as the data provided by the shareholder or transmitted by his custodian bank for this purpose (in particular first and last name, place of residence or address, number of shares, class of shares, admission ticket number and type of ownership). If requested by a shareholder, DBAG processes the e-mail address provided by the respective shareholder in the Shareholder Portal in order to send invitations to general meetings and other relevant information to the e-mail address.

If participation in the Annual General Meeting is by proxy, DBAG processes the personal data of the shareholder specified in the proxy authorisation as well as the first and last name and place of residence or address of the proxy. If a proxy and instructions are issued to a proxy nominated by DBAG, the instructions issued will also be processed and the declaration of proxy will be recorded by the company for three years in a verifiable manner.

In accordance with Section 129 AktG, a list of participants is kept at the Annual General Meeting with the following personal data: Number of the admission ticket, first and last name and place of residence of the shareholder attending or being represented and, if applicable, their representative, number of shares, class of shares, number of voting rights and type of ownership.

If a shareholder requests that items be placed on the agenda, DBAG will announce these items, stating the name of the shareholder, if the requirements under stock corporation law are met. DBAG will also make countermotions and election proposals from shareholders available on DBAG's website, stating the name of the shareholder, if the requirements under stock corporation law are met (Sections 122 (2), 126 (1), 127 AktG).

In addition to processing in the context of maintaining the share register and holding the Annual General Meeting, your personal data may also be processed to fulfil other legal obligations, such as regulatory requirements and retention obligations under stock corporation, commercial and tax law. The legal basis for the data processing operations described above are the relevant provisions of the German Stock Corporation Act in conjunction with Art. 6 (1) lit. c GDPR.

In individual cases, DBAG also processes your data to protect the legitimate interests of DBAG or a third party pursuant to Art. 6 (1) lit. f GDPR. This is the case, for example, if individual shareholders must be excluded from information on subscription offers in the event of capital increases due to their nationality or place of residence in order not to violate the legal provisions of the countries concerned. In addition, we use your personal data to compile internal statistics (e.g. for the presentation of shareholder development, number of transactions or for overviews of the largest shareholders). DBAG also processes the e-mail address of a shareholder in order to use the "forgot password" function in the DBAG shareholder portal, if and insofar as the respective shareholder so wishes. If it is intended to process your personal data for any other purpose, you will be informed in advance in accordance with the statutory provisions.
